February, 2018

Dear Parents,

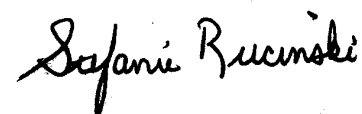

We are pleased to announce that our Science Fair will be held on March 13, 2018 from 6:00 - 7:30pm at Frank P. Long Intermediate School. We require that all our 5th grade students complete a project for the Science Fair and we encourage as many of our 4th grade students to participate as possible. The school library has a wide selection of Science Fair related books set aside for students to use as resources. The classroom teachers are also a great resource and will provide guidance and helpful hints for the students during the school day. However, the actual experiment and project must be completed by the student at home.

Our PTA has once again offered to sponsor the sale of Science Boards for our students. The boards can be purchased for \$3.00 each. Science Boards are a mandatory requirement for this project.

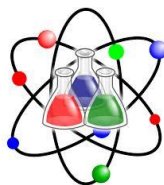

All of our students will have the opportunity to visit the Science Fair to view the projects completed by their peers. The projects will be judged using the same rubric as the Brookhaven National Laboratory. This information is attached for you to review with your child.

Projects are due to school by Monday, March 12, 2018 unless your child's teacher has established an earlier class due date. The 4th grade projects will be displayed in the small gym and 5th grade projects will be in the large gym. Once again, we encourage all our students to get involved. This experience will provide them with the opportunity to think about the world around them and may cause them to recognize an area of personal interest. We look forward to seeing you at our Science Fair.

Sincerely,

Mrs. Stefanie Rucinski
Principal

Science Fair Committee: Ms. Gimpel, Mr. Giresi, Mrs. Harjes, Mrs. Kwiatkoski, Mrs. McCarthy,
Mrs. Negri, Mr. O'Hanlon, Mrs. Paolillo, Mrs. Pedra, Mr. Perkins, Mrs. Zaffarano
